Comments: (If possible, please reference section number and/or page number in document if applicable.)

I think it is unsafe to transport nuclear waste. Many times the waste will travel close to population centers. We do know how safe the trucks and how safe the canisters are that the waste will be in. Why can't the waste be stored where it came from. It will be unsafe to transport. Roads are closed and areas

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the Department of Energy by February 9, 2000. To the extent practicable the Department will consider comments received after February 9.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible; then secure with tape.
